

PREMIUM QUALITY LUBRICANTS

DIESEL ENGINE OIL

Turbo Ultra Premium

15W-40

API CI-4 +/SL

Fully Synthetic Engine Oil

VRX 15W-40 Turbo Ultra Premium is high performance heavy duty engine oil specifically developed for low emission vehicle to extend engine life in the most extreme duty on and off highway application. It meets the extreme performance requirements of major vehicle manufacturer.

Benefits:

- Long drain interval of 80 000 km*
- Complies to Euro IV emission norms
- High level efficiency
- Clean piston groove and valve seats
- Corrosion free bearings
- Excellent turbo charger life

Recommended for use in Cummins CES 20078, Daimler, Tata Motors, Ashok Leyland, Eicher Motors, Mahindra & Mahindra etc.

Available Pack size: 1L, 3.5L, 5L, 7.5L, 10L, 15L, 26L, 55L, 210L

Turbo Premium

15W-40

API CI-4 /SL

Semi Synthetic Engine Oil

VRX 15W-40 Turbo Premium is high performance heavy duty engine oil specifically developed for low emission vehicle to extend engine life in the extreme duty on and off highway application. It meets the extreme performance requirements of major vehicle manufacturer.

Benefits:

- Long drain interval of 40 000 km*
- High efficiency
- Clean piston groove and valve seats
- Great turbo charger life

Recommended for use in Cummins CES 20078, Daimler, Tata Motors, Ashok Leyland, Eicher Motors, Mahindra & Mahindra, John Deere etc.

Available Pack size: 1L, 3L, 4L, 5L, 7L, 7.5L, 10L, 15L, 26L, 55L, 210L

Turbo Multigrade

15W-40

API CF-4 / SJ

Multigrade Engine Oil

VRX 15W-40 Multigrade is a high performance multi-grade diesel engine oil. It is manufactured from high quality base oils and advanced additive technology for superior performance and protection by reducing corrosion and friction between moving parts.

Recommended for use in all diesel engine vehicles

Trucks – Tata Motors, Ashok Leyland, Eicher LCVs – Swaraj Mazda, IVECO
Tractors – New Holland, John Deere, Sonalika, Mahindra, TAFE, Escorts, ITL, PTL
Utility Vehicles – Tata Motors, Mahindra etc.

Available Pack size: 1L, 3L, 4L, 5L, 7.5L, 10L, 15L, 26L, 55L, 210L

Turbo Power

15W-40

API CH-4 / SL

Semi Synthetic Engine Oil

VRX 15W-40 Turbo Power is high performance heavy duty engine oil specifically developed for low emission vehicle to extend engine life in the extreme duty on and off highway application. It meets the extreme performance requirements of major vehicle manufacturer.

Benefits:

- Long drain interval of 40 000 km*
- High efficiency
- Clean piston groove and valve seats
- Great turbo charger life

Recommended for use in Cummins CES 20078, Ashok Leyland, Eicher, Mahindra and Mahindra, TAFE, SONALIKA,

Available Pack size: 1L, 3.5L, 5L, 7.5L, 10L, 15L, 26L, 55L, 210L

Ultra Power

20W-40

API CF-4 / SJ

Multigrade Engine Oil

VRX 20W-40 Ultra Power is a multi-grade diesel engine oil. It is manufactured from high quality base oils and additive technology for high performance and protection.

Recommended for use in all diesel engine vehicles

Trucks – Tata Motors, Ashok Leyland, Eicher LCVs – Swaraj Mazda
Tractors – New Holland, Sonalika, Mahindra, TAFE, Escorts
Utility Vehicles – Tata Motors, Mahindra etc. where 20W40 is recommended

Available Pack size: 1L, 3L, 5L, 7.5L, 10L, 15L, 26L, 55L, 210L

Premium

COOLANT

1:5

Water Base

VRX Coolant 1:5 is a Water Based coolant which provides excellent cooling properties when used in the recommended vehicles and machines.

Benefits:

- Excellent corrosion protection of entire cooling system containing multi-metal components of aluminium, cast iron, brass and other metals
- Prevents scale formation and hence no radiator blockage
- Dilute with 5 parts of drinking water for best cooling efficiency
- Compatible to all high pressure turbocharger fitted engines
- Compatible to rubber and plastic components of cooling system
- Foam and fungus free

Available Pack size: 1L, 5L

TWO WHEELER ENGINE OIL

4T SUPER

20W-40

API SJ, JASO MA2

Bike Engine Oil

VRX 4T Super 20W-40 Bike Engine Oil has enhanced lubricating properties which reduces oil and engine temperature. This increases engine life and provides superior performance.

Recommended For

All scooters, motorcycles of 4 Stroke engines.

Available Pack size: 900 ml, 1L, 26L, 55L, 210L (Red & Golden)

4T SUPER

20W-40

API SL, JASO MA2

Semi Synthetic Bike Engine Oil

VRX 4T Super 20W-40 Semi Synthetic Bike Engine Oil API SL has an antioxidant chemistry that reduces oil and engine temperature especially in air cooled engine design. This ensures smooth clutch operation and enhanced pick up giving the rider an exceptional performance & Long Drain period.

Recommended for: All 4 Stroke 2 wheelers manufactured by Bajaj Auto etc. of up to 125 cc engines.

Available Pack size: 900 ml, 1L, 26L, 55L, 210L (Red & Golden)

4T SUPER

20W-40

API SN, JASO MA2

Fully Synthetic Bike Engine Oil

VRX 4T Super 20W-40 Fully Synthetic Bike Engine Oil API SN has an antioxidant chemistry that reduces oil and engine temperature especially in air cooled engine design. This ensures smooth clutch operation and enhanced pick up giving the rider an exceptional performance & Long Drain period.

Recommended for: All 4 Stroke 2 wheeler manufactured by Bajaj Auto etc. of higher cc engines.

Available Pack size: 900 ml, 1 L, 55L, 210L

4T SUPER

10W-30

API SL, JASO Ma2

Semi Synthetic Bike Engine

VRX 4T Super 10W-30 Semi Synthetic Bike Engine Oil API SL is equipped with high oxidation stability which minimizes high temperature deposit formation and controls oil thickening facilitating extended engine and oil life.

Recommended For Recommended for all new generation 4 Stroke gasoline gearless Scooters, and in high performance motorcycles with exceptional demand for fuel economy.

Available Pack size: 800 ml, 900 ml, 1 L, 26L, 55L, 210L

4T SUPER

10W-30

API SN, JASO MA2 / MB

Fully Synthetic Bike Engine Oil

VRX 4T Super 10W-30 Semi Synthetic Bike Engine Oil API SN is equipped with high oxidation stability which minimizes high temperature deposit formation and controls oil thickening facilitating extended engine and oil life.

Recommended for all new generation 4 Stroke gasoline Gearless Scooters manufactured by Hero, Honda, TVS, Suzuki, Mahindra etc.

Available Pack size: 900 ml, 1L, 26L, 55L, 210L

4T SUPER

10W-40

API SN, JASO MA2

Fully Synthetic Bike Engine Oil

VRX 4T Super 10W-40 Fully Synthetic Bike Engine Oil API SN has an antioxidant chemistry that reduces oil and engine temperature especially in air cooled engine design. This ensures smooth clutch operation and enhanced pick up giving the rider an exceptional performance.

Recommended for: 4 Stroke 2 wheelers manufactured by Suzuki, Yamaha, Kawasaki, Mahindra etc.

Available Pack size: 1L

4T SUPER

15W-50

API SL, JASO MA2

Semi Synthetic Bike Engine Oil

VRX 4T Super 15W-50 Semi Synthetic Bike Engine Oil API SL provides great performance and maximum protection to engine. It is engineered from advanced technology process.

Recommended For use In High Performance Motorbike Engines manufactured by Honda, Hero Honda etc.

Available Pack size: 1L

4T SUPER

15W-50

API SN, JASO MA2

Fully Synthetic Engine Oil

VRX 4T Super 15W-50 Fully Synthetic Bike Engine Oil API SN provides premium performance and maximum protection to engine. It is engineered from advanced technology additives to better withstand the elevated rpm, high temperatures and shocks.

Recommended for use In High Performance Motorbike Engines in Royal Enfield, Harley Davidson, Yamaha, Honda & Kawasaki etc.

Available Pack size: 1L, 2.5 L, 26 L, 55 L, 210 L

PASSENGER CAR MOTOR ENGINE OIL

SUPER

20W-50

API SG

CNG, LPG & Petrol Engine Oil

VRX Super 20W-50 Engine Oil is a high performance gas engine oil. Developed for vehicles running on CNG & LPG fuels. Blended with a special additive chemistry, which provides protection to engines against wear, deposits and provides outstanding engine cleanliness.

Recommended for Cars, Taxis, Vans, Jeeps and Three wheelers (4-Stroke Engines).

Available Pack size: 1L, 3L, 3.5L

SUPER PLUS

20W-50

API SJ / CF

Semi Synthetic Engine Oil

VRX Super Plus 20W-50 Engine Oil is a high performance gas engine oil. Developed for vehicles running on CNG & LPG fuels. Blended with a special additive chemistry, which provides excellent protection to engines against wear, deposits and provides outstanding engine cleanliness.

Recommended for Cars, Taxis, Vans, Jeeps and Three wheelers (4-Stroke Engines). It is formulated with advanced Green & Clean Chemistry thus provides superior performance.

Available Pack size: 1L, 3L, 3.5L

FULLY SYNTHETIC

5W-30

API SN / CJ

Fully Synthetic Engine Oil

VRX 5W-30 SN/CJ is a Fully Synthetic engine oil specially designed and formulated for those who look for performance, efficiency and thrill without worrying much about the engine protection even during extreme driving conditions, and adventurous drives. It provides improved fuel efficiency and engine protection. It is formulated with specially selected base oils for direct injection engines, both aspirated and turbo-charged. It is specifically formulated in European Union to respond to all requirements of latest generations diesel engines (common-rail) and VGT petrol engines of cars. It offers excellent engine cleanliness leading to better engine life for prolonged duration.

Recommended for use in Maruti Suzuki, Hyundai, Skoda, Toyota, Audi, Volkswagen, BMW, Mercedes etc

Available Pack size: 1L, 3.5L, 4L

FULLY SYNTHETIC

5W-40

API SN / CI4

Fully Synthetic Engine Oil

VRX 5W-40 SN/CI4 is a Fully Synthetic engine oil specially designed for those who look for performance, efficiency and thrill without worrying much about the engine protection even during extreme driving conditions, and adventurous drives. Formulated in European Union, it provides engine efficiency for latest generations diesel engines (common-rail) and VGT petrol engines of passenger cars.

Recommended for use in Maruti Suzuki, Hyundai, Skoda, Toyota, Audi, Daimler, Chrysler, Volkswagen, BMW, Mercedes etc

Available Pack size: 1L, 3.5L, 4L

SEMI SYNTHETIC

5W-30

API SN / CF

Semi Synthetic Engine Oil

VRX 5W-30 SN/CF is a Semi Synthetic engine oil specially designed and formulated to provide improved fuel efficiency and engine protection. It is formulated with specially selected base oils for direct injection engines, both aspirated and turbo-charged. It is a multi-grade engine oil specifically engineered to respond to all requirements of latest generations diesel engines (common-rail) and VGT petrol engines of cars. It offers excellent engine cleanliness leading to better engine life for prolonged duration.

Recommended for use in Maruti Suzuki, Hyundai, Toyota etc.

Available Pack size: 1L, 3.5L, 4L, 55L, 210L

SEMI SYNTHETIC

5W-40

API SN / CF

Semi Synthetic Engine Oil

VRX 5W-40 SN/CF is a Semi Synthetic engine oil specially designed for those who look for performance, and efficiency it provides engine efficiency for latest generations diesel engines (common-rail) and VGT petrol engines of passenger cars.

Features:

- Excellent start-up performance and great durability.
- Minimize friction to optimize engines performance
- Provides sludge control for piston and other engine parts.
- Provides protection against wear and corrosion.

Recommended for use in Maruti Suzuki, Hyundai, Toyota, Daimler, Chrysler etc

Available Pack size: 1L, 3.5L, 4L, 210L

TRANSMISSION & GEAR OIL

SUPER

90W

API GL-5

Gear Oil

VRX 90W Gear Oil can be used in lubrication of axles and mechanical transmission systems of cars, buses, trucks and tractors which require moderate duty monograde GL-5 type of gear oils.

Features & Benefits:

- Anti-foaming with enhanced ability to form lubricating film on gears and moving parts
- High oxidation stability
- Compatible with other gear oils
- Reduce unwanted noise and vibration

Recommended for All vehicles transmission system where SAE 90W oil is recommended.

Available Pack size: 500ml, 1L, 5L, 20L, 26L, 55L, 210L

SUPER

140W

API GL-5

Gear Oil

VRX 140W Gear Oil can be used in lubrication of axles and mechanical transmission systems of cars, buses, trucks and tractors which require moderate duty monograde GL-5 type of gear oils.

Features & Benefits:

- Anti-foaming with enhanced ability to form lubricating film on gears and moving parts
- High oxidation stability
- Compatible with other gear oils
- Reduce unwanted noise and vibration

Recommended for

All vehicles transmission system where SAE 140W oil is recommended.

Available Pack size: 1L, 3L, 3.5L

SUPER

80W-90

API GL-5

Gear Oil

VRX 80W90 Gear Oil can be used in lubrication of mechanical transmission systems of cars, buses, trucks and tractors which require heavy duty synthetic type of gear oils.

Benefits:

- Thermal stability
- Oxidation stability
- No foaming
- No pitting
- Compatible to a variety of plastics and polymers used in transmission cases

Recommended for use in Transmission System / Gear Boxes of vehicles manufactured by TATA Motors, Ashok Leyland, Eicher Motors where 80W90 oil is recommended.

Available Pack size: 1L, 2.5L, 5L, 20L, 26L, 55L, 210L

SUPER

85W-140

API GL-5

Gear Oil

VRX 85W-140 Gear Oil can be used in lubrication of mechanical transmission systems of cars, buses, trucks and tractors which require heavy duty synthetic type of gear oils.

Benefits:

- Thermal stability
- Oxidation stability
- No foaming
- No pitting
- Compatible to a variety of plastics and polymers used in transmission cases

Recommended for use in Transmission System / Gear Boxes of vehicles manufactured by TATA Motors, Ashok Leyland, Eicher Motors where 85W140 oil is recommended.

Available Pack size: 1L, 5L, 20L, 26L, 55L, 210L

SUPER

75W-90

API GL-5

Fully Synthetic Gear Oil

VRX 75W90 Gear Oil can be used in lubrication of mechanical transmission systems of vehicles which require heavy duty fully synthetic type of gear oils. It is specially designed for synchromesh gearboxes requiring API GL-5 Performance. It is blended with high quality base oil, along with carefully selected extreme pressure additive and highly stable viscosity index improver to provide unmatched gear protection.

Recommended for use in manual Transmission System / Gear Boxes of vehicles manufactured by Maruti, Hyundai, Tata, VW, Skoda, Ford, GM, Honda and Toyota, where 75W90 oil is recommended. API GL-5 provides premium quality lubrication to manual transmission systems. This is recommended specially for use in Synchromesh Gear Boxes.

Available Pack size: 1L, 2.5L, 26L, 55L, 210L

POWER

ATF Dex-III

Automatic Transmission

VRX Power ATF Dex-III can be used in lubrication of automatic transmission systems to provide excellent frictional performance.

It provides:

- Excellent frictional performance.
- Superior anti wear protection.
- Excellent oxidation resistance.
- Seal compatibility.

Recommended for use in Automatic transmission and power steering systems of automobiles and earth moving machinery.

Available Pack size: 500ml, 1L, 5L, 20L, 210L

HYDRAULIC OIL

SUPER

AW-46 / 32

Hydraulic Oil

VRX AW-46 and AW-32 Water White Hydraulic Oil is superior quality anti-wear hydraulic oil intended for industrial and mobile service applications, subjected to moderate operating conditions and requiring anti-wear lubricants. They are formulated to deliver good performance in a range of hydraulic components used in systems subjected to moderate operating conditions.

Benefits

- Good anti-wear performance helps reduce pump wear and prolonging pump life
- Corrosion protection helps reduce the effects of moisture on system components

Recommended for

- Systems using gears, radial and axial piston pumps and those containing gears and bearings where mild anti-wear characteristics are required
- Where hydraulic oil contamination or leakage is unavoidable

Available Pack size: 26L, 210L (Water White & Yellow)

SUPER

AW-68

Hydraulic Oil

VRX AW-68 Water White Hydraulic Oil is good quality anti-wear hydraulic oil intended for industrial and mobile service applications, subjected to moderate operating conditions and requiring anti-wear lubricants.

It is formulated to deliver good performance in a range of hydraulic components used in systems subjected to moderate operating conditions.

Benefits

- Good anti-wear performance helps reduce pump wear and prolonging pump life
- Corrosion protection helps reduce the effects of moisture on system components

Recommended for

- Systems using gears, radial and axial piston pumps and those containing gears and bearings where mild anti-wear characteristics are required
- Where hydraulic oil contamination or leakage is unavoidable

Available Pack size: 26L, 55L, 210L (Water White & Yellow)
